DESCRIPTION

A few minutes' walk to an awesome high street with artisanal coffee shops and independent food stores, this gorgeous Penthouse apartment represents the quintessential London working professional life.

The bright and spacious living room and open kitchen has floor to ceiling windows, with panoramic views out over the surrounding streets. Settle down on the comfortable sofa to enjoy an evening in with a glass of wine or pop on and eye mask as you soak in the dreamy tub.

Act like a local by squeezing in a workout session at the independent gyms and yoga studios. Then, reward yourself with a meal in one of the many restaurants, or take your coffee or smoothie on the rooftop deck. As well as being close to open spaces of west London, the building also boasts its own private courtyard, with plants, trees and places to sit — a rare and beautiful bit of private green space in the densely packed urban areas of London.

A quick 5 minute walk to Queens park and a 15 minute walk to Maida Vale tube stations. There is also a car parking space on request and if available.
